

Mail2Print

Print from any device without having to configure anything, simply by sending your document attached to an E-mail.

How To

Attach the document which you would like to print (Must be in PDF-Format!) to an E-mail and send it from your UZH-Emailaddress to one of our Printer-Emailaddresses. (Subject and Message are allowed to be empty)

The PDF-Document will be printed on the printer to which you addressed the E-mail.

- The following Printer-Emailaddresses are set up as of now: (Note that only "k49color" and "jcolor" are able to print colored documents)
 - K11 -> print-k11@math.uzh.ch
 - K30 -> print-k30@math.uzh.ch
 - K49 -> print-k49@math.uzh.ch
 - K49color -> print-k49color@math.uzh.ch
 - k -> print-k@math.uzh.ch
 - jcolor -> print-jcolor@math.uzh.ch
 - J11 -> print-j11@math.uzh.ch
 - H52 -> print-h52@math.uzh.ch
 - G25 -> print-G25@math.uzh.ch

Printing from Samsung Flip

It is also possible to print your rolls/slides directly from the Samsung-Flips.

- Press the arrow facing down at the top of the screen --> Export --> EMAIL --> Send to one of the Printer-Emailaddresses listed above --> The slide will be printed.
